Forage André Roy announces acquisition of all assets of Langelier For-Expert's drilling division

Saint-Isidore, May 2024

Forage André Roy, a recognized leader in the geotechnical and environmental drilling industry, is pleased to announce the acquisition of all the assets of the drilling division of Langelier For-Expert, a company established for nearly 20 years in the field.

This strategic acquisition represents a significant step in Forage André Roy's growth, strengthening its presence and ability to deliver innovative, high-quality solutions to its customers. Langelier For-Expert, with its proven expertise, is a valuable addition to the Forage André Roy family. Combining the strengths and resources of both companies will enable us to offer a wide range of services and solutions to a diversified customer base.

"We are delighted to welcome Langelier For-Expert's drilling division to the Forage André Roy family," said Forage André Roy executives. "Their reputation for excellence is a perfect match for our core values. Together, we look forward to continuing to provide high-quality services and reaching new heights in the geotechnical and environmental drilling industry."

Existing Langelier For-Expert customers will continue to enjoy the same high standards of service and quality to which they have become accustomed, with the added benefit of greater access to Forage André Roy's expertise and resources.

About Forage André Roy
